

Mucon Iris Diaphragm Valve

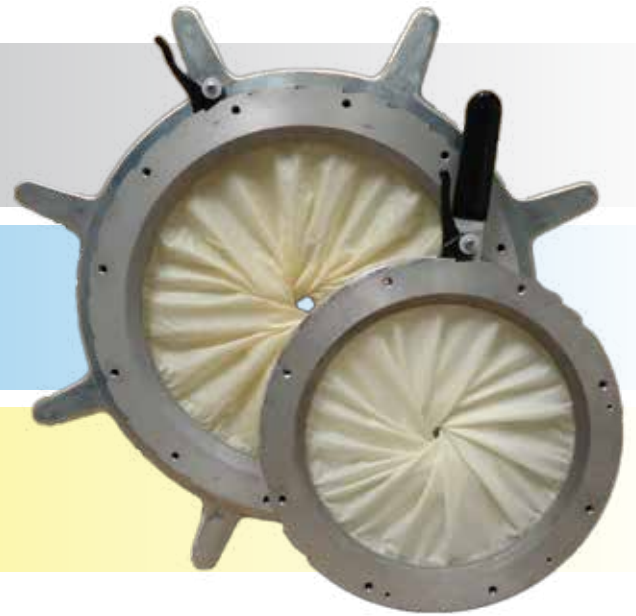

Series JS Valve

specifically designed for discharge control of Bulk Bag applications

Iris Diaphragm Valves

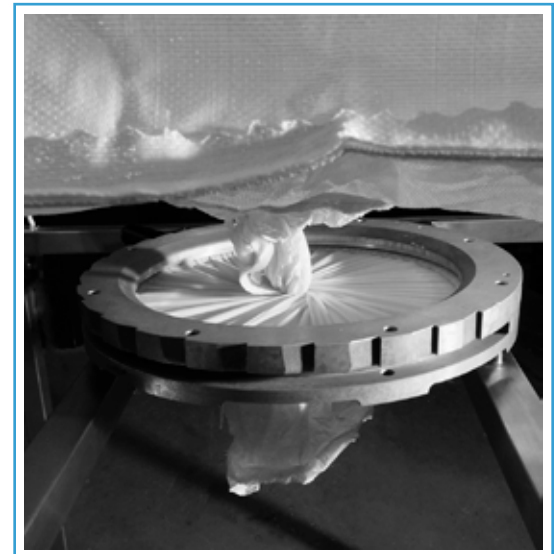

Iris Diaphragm Valves

Iris Diaphragm Valves

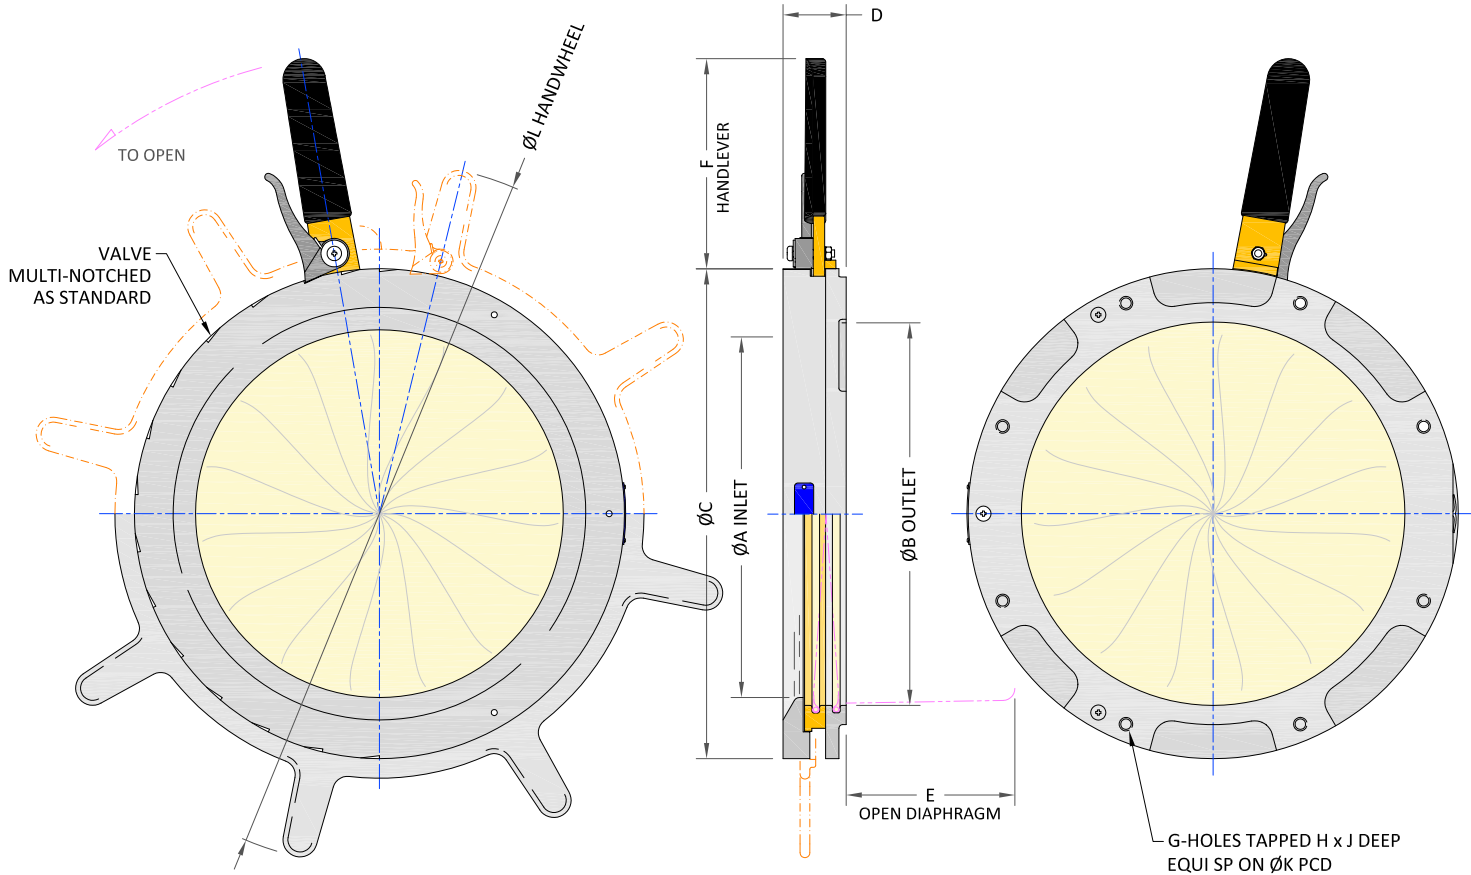

Key Features and Benefits:

- Three sizes available -12", 15" and 18" diameter
- Designed specifically for FIBCs. Suitable for materials up to 62 lb/ft³ (1000 kg/m³)
- Single diaphragm for dust tight closure
- Concentric opening/closing for ideal flow control
- Multi-notched body for optimum flow control
- Tapered valve inlet prevents damage and aids flow
- Fabric diaphragms ensure gentle effective shut off
- Robust construction
- Slim design
- Mounting holes are drilled top and bottom as standard
